

**Fishing Game:**

Find magnets with a hole in them, one for each fishing pole.

Take some string and attach the magnet to a little dowel for a fishing pole.

Make several fish shapes out of different color tag board or paper. Write good and bad qualities and attach a paper clip to each fish.

“Cast your net on the right side”

Fish for the good, God-like qualities to catch in our net (and cast the bad fish away).

Children can take the God-like qualities home.

Talk about how they can express the qualities.

You can fish for synonyms, (names for God), ten commandments, 1<sup>st</sup> and 2<sup>nd</sup> half of the Beatitudes, etc.
